

SESC Damage & Deficiency Report for Eagle

- Skippers must ensure that any minor repairs are made good and any lost or broken items are replaced. Expired torch batteries should be replaced.
- Please also note any damage and deficiencies in the D & D book which is retained in the chart table.
- Please leave this form together with the Skipper's Handover Sheet on the chart table at the end of your charter.
- Email your detailed report to Glenn Stevens at the following email address, sesc.bosun@gmail.com as soon as possible after the end of your charter.
- If necessary, please also forward photographs and expand on any issues as necessary. Further copies of this form may be found on the website.
- Please remember that Eagle is our club boat and a good maxim to work to is "leave her in better condition on departure than she was on your arrival".
